El músico suizo, quien vive en Italia, Francis M. Gri acaba de editar su tercer disco en el sello italiano KrysaliSound, "Dreamers Stories" y "Empty Town"; ambos editados en 2015 bajo su propio nombre.

Francis M. Gri quien comienza en la música en 2004 con el proyecto dark Apart, es fundador del sello KrysaliSound y creador de la radio on-line KrysaliSound que transmite música experimental.

"Lyef" está basado en las ideas de Liliium, cantante de Revglow (un proyecto paralelo de Gri junto a Liliium).

Los cantos angelicales de Liliium cuentan con arreglos de piano, sintetizadores y grabaciones de ambientes, creando atmósferas acogedoras e íntimas.
