Ekin Fil | "Being Near" | The Helen Scarsdale Agency | 2016

Ekin Üzeltüzenci aka Ekin

Fil quien reside en su ciudad natal de Estambul, es una artista de música ambient y electrónica que cita como influencias a Cocteau Twins, Slowdive, Cranes, entre otros.

Desde 2013 ella tiene

editado cinco álbumes en sellos como Root Strata, Students Of Decay, No Kings, Sacred Phrases y este año en The Helen Scarsdale Agency, sello fundado en 2003 y que publica a interesantes artistas del underground como Jim Haynes, Stilluppsteypa, Sigtryggur Berg Sigmarsson, BJ Nilsen y irr. app. (ext.).

La música de Ekin Fil la

rodea un aura de inquietante belleza con sutiles arreglos de guitarra y electrónica, junto a su distante voz que vocaliza algunas palabras indecifrables y melodiosas. Me recuerda a Black Tape For a Blue Girl de los '90 y más recientemente a Mara por sus atmósferas angelicales y oscuras.
