"Lantern / Nature Bliss" | 2017

Marat Shibaev aka Martin Schulte de Kazan, Rusia es un productor de música techno que tiene doce discos editados, cinco de ellos en Lantern y los otros en distintos sellos independientes.

Lo de Schulte es el tech-house con guiños al minimal house. Músicaailable con beats suaves, con algunos espacios de atmósfera relajada, ideal para una tarde de verano.

La mayoría de los tracks rondan los 120 bpm junto a un bombo sostenido y con lagunas grabaciones de voces de tanto en tanto.

Schulte sabe mantener el groove, la calidez en sus temas y mantener al oyente cautivado.
