Colonia ha trabajado con diferentes seudónimos y pertenecido a distintas bandas y géneros musicales como el punk, black metal, grindcore y la electrónica.

El título de este disco “r/f”(remember/forget) nos presenta una dicotomía que anula la memoria, el recuerdo y ni siquiera que nos da la oportunidad de lo transitorio, de aquello que la menos nos pueda quedar un vestigio. No obstante la música ambient y minimalista que nos propone Pauly nos adentra en un espacio cuyos acontecimientos suceden lentamente. Unos delicados acordes de guitarra eléctrica, un manto de teclados y microscópicos sonidos que resuenan en el vacío, crea una atmósfera relajada y casi silenciosa.

The versatile artist based in Cologne has worked with different monikers and played in different bands of musical genres such as punk, black metal, grindcore and electronics.

The title of this album

"r/f" (remember/forget) presents us with a dichotomy that cancels the memory, the remembrance and give no chance for a transient and no opportunity for keeping a vestige of what we lived. Despite the ambient and minimalist music that Pauly propose, we go into a space whose events happen slowly. Delicate electric guitar chords, a mantle of keyboards and microscopic sounds that resonate in the void, create a relaxed and almost silent atmosphere.
