Valentin Dunkerley aka Internazionale edita su segundo disco y quinta referencia en el sello Putojefe Records con sede en Berlín, dirigido por el malagueño Daniel Ferrero.

Internazionale ha editado varios discos desde 2014 en los sellos Posh Isolation y en su propia disquera Janushoved, en donde originalmente se publicó este disco en formato de casete.

La propuesta de Internazionale nos muestra espacios ambient contruidos a base de guitarras cristalinas y teclados.

En "Wreaths Of Life" ("Coronas de la Vida") se desarrollan loops hipnóticos de los que cuales emergen bellas melodías rodeadas de una parsimonia que conmueve por su quietud intacta y vulnerable.

La música de Internazionale se acerca a la delicada línea musical de los sellos Eilean Rec. y Time Released Sound.

Mikkel Valentin Dunkerley aka  
Internazionale releases his second album and fifth reference on Putojefe  
Records based in Berlin, run by Daniel Ferrero from Málaga.

Since 2014 Internazionale has  
released several albums on Posh Isolation labels and on its own record label  
Janushoved, where this album was originally released on cassette format.

Internazionale's music proposal  
shows ambient spaces built with crystalline guitars and keyboards.

On "Wreaths Of Life"  
hypnotic loops are developed from which beautiful melodies emerge surrounded by  
a parsimony that moves by its stillness intact and vulnerable.

The music of Internazionale is  
approaching the delicate musical line of Eilean Rec. and Time Released Sound  
record labels.
