Visions & Phurpa | "Monad" | Cyclic Law | 2018

Esta es una colaboración entre el canadiense afincado en Berlín Frederic Arbour aka Visions y la mitad del dúo Stärker, director del sello Cyclic Law, que con esta publicación, celebra su lanzamiento número 100. Junto a la formación rusa PHURPA, liderada Alexey Tegin. Sus performances están basadas en rituales con influencia en el Budismo.

La música

con capas que forman un manto de drones penetrantes es expansiva, junto a cánticos en estados meditativos que emergen desde la profundidad y elementos de percusión chamánicos.

Visions & Phurpa

propone una experiencia auditiva, sensorial y mística que envuelve con un halo misterioso y al mismo tiempo cautivador.
