Kit Grill | "Fade Away" | Primary Colors Records | 2023

Kit Grill | "Fade Away" | Primary Colors Records | 2023

El artista multidisciplinario productor y residente en un programa mensual en NTS Radio (una de las estaciones radiales de mayor renombre en Reino Unido), publicó su nuevo single "Fade Away" en su propio sello Primary Colours Records, en el que ha editado tres álbumes y varios EP's y singles.

Desde 2009, Kit Grill es graduado de la Chelsea College of Art and Design y comienza a componer su música. Además de escribir y producir música, se desarrolla en los campos de la fotografía, la pintura y el video.

Grill desarrolla los estilos synth pop, electro pop, en tanto que incursiona con su álbum &ldquo;Spirit&rdquo; (2022) en el ambient, con guiños al neo clásico.

Con las primeras notas del sintetizador podemos sentir la conexión de Kit Grill con ese synth pop de Minimal Compact, Visage o Human League. La voz grave de Grill y las pulsaciones rítmicas me evocan a los míticos New Order. Con este bello single, quedamos atentos al próximo álbum de Kit Grill.

Guillermo Escudero

Enero 2023

Multi-disciplinary artist, producer and host and resident with a monthly show on NTS Radio, Kit Grill releases his new single "Fade Away" on his own label Primary Colours Records on which he has released three albums and a slew of singles.

Kit Grill is a graduate of the Chelsea College of Art and Design since 2009, and begins to produce his music. In addition to writing and producing music, he develops in the fields of photography, painting, and video.

Grill unfolds the synth pop and electro pop styles and besides, with "Spirit" (2022), he makes a full-length album dedicated to ambient with nods to Neo Classical music.

With the first synthesizer notes we can feel the connection of Kit Grill with the synth pop of Minimal Compact, Visage or Human League. Grill's deep voice and rhythmic pulsations remind me of the mythical New Order. With this amazing single, we stay tuned for the next Kit Grill album.
